CORRECTION OF DRAWING AND SPECIFICATION INFORMALITIES

Dear Sir/Madam:

Enclosed are new drawings for the above-referenced patent application. The enclosed drawings remove informalities in the originally-filed application, add the proper reference number 32 to Figure 1 and put the application in a more suitable form for issuance. Accordingly, Applicants respectfully request that the informal drawings filed on December 17, 2003 be replaced with the enclosed formal drawings.

Additionally, Applicants correct two typographical errors in the specification by amending the specification as noted on pages 3-4 of this correspondence. The amendments are necessary so that the specification properly refers to the correct reference numbers and thus, put

the application in a more suitable form for issuance. Accordingly, Applicants respectfully request that the specifications be amended as noted on pages 3-4 and submit that no new matter is being submitted by amendment.

Should there be any questions, the Draftsman is invited to contact the undersigned.

Respectfully submitted,

ICE MILLER
